FIG. 13

FIG. 13 is a cross-sectional view of a device assembly. It shows a substrate 20 with a central layer 22. A layer 28 is on top of 22, and a layer 30 is on the bottom of 22. A layer 41 is on the right side of 22. A layer 54 is on the right side of 28. A layer 36 is on the right side of 30. A layer 50 is on the right side of 41. A layer 48 is on the right side of 54. A layer 50 is on the right side of 54.

FIG. 14

This diagram shows an exploded perspective view of a medical device assembly. It includes a long, thin cylindrical component (24) with a flange (28) at one end. A small, ring-like component (124) is positioned between the flange (28) and a larger, hollow cylindrical component (22). The larger component (22) has a textured interior surface (38) and a flange (41) at its other end. A cap (50) is shown at the very end of the larger component (22).
